

Instruction Manual for Health Drink Mix Making Machine

Product Overview

The Health Drink Mix Making Machine is a specialized appliance designed to quickly and efficiently blend health drink mix with liquids. With easy-to-use controls and advanced blending technology, this machine ensures a smooth and consistent mixture every time.

Components:

- **Main Unit:** The body of the machine with a motor.
 - **Mixing Bowl:** A detachable bowl where ingredients are placed for blending.
 - **Blender Blade:** A high-speed blade for mixing and dissolving the drink powder.
 - **Control Panel:** Includes settings for speed, mixing time, and preset options for different types of health drink mixes.
 - **Measuring Cup:** To help measure the correct amount of powder and liquid for each mix.
-

Setup Instructions:

1. **Unbox the Machine:**
 - Carefully remove the Health Drink Mix Making Machine and all components from the packaging. Ensure that all parts (main unit, mixing bowl, blade, control panel) are intact.
 2. **Place the Machine on a Stable Surface:**
 - Ensure the machine is on a dry, stable surface such as a countertop or table.
 3. **Install the Mixing Bowl:**
 - Place the mixing bowl onto the base unit and twist it to lock it securely in place.
 4. **Insert the Blade:**
 - Attach the blade to the base of the mixing bowl. Make sure it is firmly in place before use.
-

Operating Instructions:

1. **Step 1: Measure Ingredients**
 - Use the provided **measuring cup** to measure **1 scoop (30g)** of health drink mix and pour it into the mixing bowl.
2. **Step 2: Add Liquid**

- Add **200-250ml** of your preferred liquid (water, milk, or juice) into the mixing bowl. Ensure the liquid level does not exceed the **MAX line** inside the bowl.
 - 3. **Step 3: Choose a Program**
 - **Standard Mix:** Press the "**Standard**" button for a basic blend. This setting is ideal for most health drink mixes and will blend for **20 seconds**.
 - **Extra Smooth:** Press the "**Smooth**" button for a creamier and finer consistency, blending for **30 seconds**.
 - **Quick Blend:** Press the "**Quick**" button for a faster blend, lasting only **15 seconds** for light mixing.
 - 4. **Step 4: Start the Machine**
 - Press the "**Start**" button to begin blending. The machine will automatically stop once the preset time has been completed.
 - 5. **Step 5: Pour and Serve**
 - After blending, carefully remove the mixing bowl and pour the drink into your glass or bottle.
-

Cleaning Instructions:

1. **Step 1: Turn Off the Machine**
 - Always turn off the machine and unplug it from the power source before cleaning.
 2. **Step 2: Remove the Mixing Bowl**
 - Detach the mixing bowl from the base unit.
 3. **Step 3: Clean the Components**
 - Rinse the mixing bowl and blender blade under warm water. Use mild soap and a soft sponge to clean all parts.
 - If needed, use a cleaning brush to remove any residue from the blade.
 4. **Step 4: Dry and Store**
 - Wipe the machine's exterior with a damp cloth. Ensure that all parts are completely dry before reassembling or storing the machine.
-

Troubleshooting:

- **Machine Won't Start:**
 - Ensure the machine is plugged in properly. Check if the mixing bowl is securely locked in place.
- **Inconsistent Mixing:**
 - Make sure the correct amount of liquid and powder are used. If the mix is too thick, add more liquid. If too thin, reduce the liquid.
- **Loud Noise or Vibration:**
 - Check the machine for any loose components. Ensure that the blade is securely attached to the mixing bowl.

Safety Precautions:

- Always use the machine on a flat, stable surface.
- Never immerse the main unit in water.
- Keep fingers and utensils away from the blender blade while in operation.
- Do not overload the mixing bowl with too many ingredients.
- Do not operate the machine for more than **2 minutes** continuously; allow it to cool down between uses.
